Aman Kumar

AI & Data Science Undergraduate | Backend Developer | Machine Learning Enthusiast

+91 8433434922 amankumar.pro2006@gmail.com Portfolio LinkedIn GitHub Agra, India

PROFESSIONAL SUMMARY

Data Science undergraduate at IIT Madras with strong foundations in algorithms, databases, and software engineering. Passionate about Artificial Intelligence, Machine Learning, and backend development. Currently building AI-powered applications using Python, FastAPI, PostgreSQL, Docker, and modern LLM frameworks.

EDUCATION

IIT Madras 2024 - 2028

Bachelor of Science *CGPA : 8.43/10*

Relevant Coursework

- Data Structures & Algorithms
- Database Management Systems
- Statistics
- Machine Learning
- Modern Application Development
- Programming in Python

SKILLS

Programming Languages :	C++, Python, SQL, TypeScript, R, JavaScript
Frameworks :	Vue, Flask, FastAPI, Bootstrap, React
AI & Data Science :	Scikit-learn, LangChain, LangGraph, Ollama, NumPy, Pandas
Databases :	PostgreSQL, MongoDB, Redis, SQLite
Developer Tools :	Git, GitHub, Docker, Linux, GitHub Actions
Concepts :	Data Structures & Algorithms, DBMS, OOP, REST APIs, System Design

PROJECTS

P.I.S. – Personal Intelligence Scheduler | Github Jan 2026 - Present

Software + A.I. developer

- **Developed** a multi-agent AI productivity platform aimed at intelligent task prioritization and scheduling.
- **Executed** workflow orchestration using LangGraph, integrating local LLMs via Ollama.
- **Constructed** RESTful backend services with FastAPI and PostgreSQL for efficient task, calendar, and user management.
- **Containerized** the application using Docker to enhance deployment and portability.
- **Engineered** a modular architecture to facilitate future integrations, including document parsing and email automation.

Technologies / Tools Used : *Fastapi, LangGraph, PostgreSQL, Docker, TypeScript, React*

Portfolio Website | Website May 2026 - Present

Frontend Developer

- **Designed** and developed a fully responsive personal portfolio website to **showcase projects**, technical skills, certifications, and academic achievements.
- **Built** a modern, component-based user interface with responsive layouts **optimized** for desktop, tablet, and mobile devices.
- **Integrated** project showcases, resume download, GitHub, LinkedIn, and contact information to enhance professional visibility.
- **Optimized** performance, accessibility, and user experience using modern frontend development practices.
- **Deployed** the application on Netlify with version control through GitHub for continuous updates.

Technologies / Tools Used : *React, Vue.js, TypeScript, Netlify, Git, GItHub, Tailwind CSS*
